| Dimensions |                |
|------------|----------------|
| D          | 12mm MAX       |
| L          | 18.5mm MAX     |
| S          | 7.5mm +/-0.5mm |
| LL         | 6.5mm +/-1mm   |
| F          | 0.8mm NOM      |

| Packaging Specifications |       |
|--------------------------|-------|
| Typical Component Weight | 5.7 g |
| Packaging                | Bulk  |
| Packaging Quantity       | 2000  |

| General Information |                                                   |
|---------------------|---------------------------------------------------|
| Series              | SBC6                                              |
| Style               | Ferrite                                           |
| Description         | Radial Leaded, Ferrite Power Inductors            |
| Features            | DC-DC Converters, Nickel-Zinc (NiZn) Ferrite Core |
| RoHS                | Yes                                               |
| Lead                | Wire Leads                                        |
| Core                | Ferrite                                           |
| Miscellaneous       | Pin Lead Terminal                                 |

| Specifications       |            |
|----------------------|------------|
| Inductance           | 680 uH     |
| Inductance Tolerance | 10%        |
| Temperature Range    | -20/+105°C |
| Shielded             | No         |
| Current              | 0.63 Amps  |
| DC Resistance        | 0.98 Ohms  |
